

ग्रामीनो GRAMINNO

Gramin Innovation – making village youth and children self sufficient and empowered to live in harmony with nature

Hand Crafted Furniture Without Cutting Trees

Fallen or pruned branches were previously burnt for firewood.

Instead of adding to the pollution, these branches are now used to make hand crafted furniture

Outdoor Friendly No Nails or Screws Used

Made with interlocked wooden branches reinforced with wooden pegs that do not rust or loosen in changing weather. No metal parts like nails or screws used.

Can safely be used outdoors

Elegant, Home & Office Decor

Support rural sustainability!

Hand-made by children and youth artists of the village using local materials only

Kaape Coasters Set

Set of 4, ₹ 600/- only

Made from slices of different types of branches found in the Sahyadris. Patterns designed by children in the village school

Deewa Tea Lights

Set of 3, ₹ 900/- only

Natural shapes of branches crafted to create a warm glow of tea lights arranged in matching sets of three

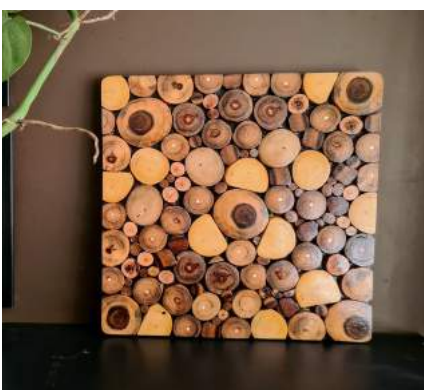

Jakhadi Floor Lamp

₹ 1,800/- only

Inspired from the local dance form called Jakhadi, intertwined branches posing as in a dance, with a warm glow emanating from within!

Shobha Wall Art

₹ 900/- only (12 inch)

Take home the feel of the forest with a collage of wood selected from various types of trees from the forests of the Sahyadris!

Creative Artwork by Children

Designed by the children of the village school with guidance from professional designers and their teachers in craft projects at the Graminno Community Makerspace Workshop

Celebrating Sustainability

Your support of the Graminno project helps create sustainable livelihoods for the youth in the village itself, rather than forcing them to migrate to cities in search of jobs

Elegant, Eco-Friendly Furniture

Support rural sustainability!

Hand-made by villagers using branches without cutting trees, and traditional all-wood joints

Foldable Garden Chair

₹ 3,500/- only

A minimal design with two triangles that fit into each other, this is a perfect chair to relax in your garden, balcony or terrace!

Reclining Deck Chair

₹ 4,500/- only

A slightly bigger version of the garden chair with a lower reclining angle, headrest and hand rest, making it perfect to relax in!

Two Seater Sofa

₹ 7,500/- only

A two seater sofa that is also foldable into two parts, and with a chairpai style seat. Optional hand stitched pillows available too!

Eco Friendly - no trees cut, only branches!

Fallen or pruned branches were previously burnt for firewood. Instead of adding to the pollution, these branches are now used to make hand crafted furniture

Outdoor Friendly - all wood joints!

Made with interlocked wooden branches reinforced with wooden pegs that do not rust or loosen in changing weather. No metal parts like nails or screws used.

Can safely be used outdoors

Space Saving Foldable Design!

The Community Makerspace Workshop located in Atale
